

Native Plant Sale

May 4, 9am-3pm

Sponsored by Diakon Wilderness Greenhouse

Address: 571 Mountain Rd., Boiling Springs, PA

(The greenhouse is back a long gravel road—keep going till there!)

Native Plants:

- Provide nectar and pollen for our native bees and butterflies that non-native ornamentals cannot
- Are suited to our region, needing no water after establishment, no fertilizer, little mulch, and no insecticides to thrive
- Have deep root systems that help with stormwater runoff

Planting 70% native plants in your garden

can turn around biodiversity loss!

Come to the sale and let us help you find the right plants for your garden!
